## WELCOME TO TRAA

### Thames River Anglers Association

Dedication Today for Tomorrow For the enhancement, protection and promotion of a viable, multi-species fishery within the Thames River watershed.

### TRAATRAA Trout Hatchery

#### Brown Trout Eggs Arriving Soon!

The TRAA trout hatchery is a popular activity of the TRAA as it's a great teaching tool with regard to the life cycle of a trout. Those involved with the hatchery get to see firsthand the development stages of the egg and the fry before their final release destinations to area streams. Volunteers attend to the operation every day to maintain the health and well-being of the trout. There are ideally 2 members assigned for each day of the week. This is desirable as they can cover for each other and also allows us to match up anyone wanting to "learn the ropes" with an experienced mentor.
